

CONFIRMA EL TAMAÑO DE LA IMPRESIÓN

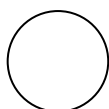

1. Las tallas de los anillos son muy precisas. Siga estas instrucciones para obtener una correcta medición.
2. Antes de imprimir, asegúrese de que Escalado de página se establece en “Ninguna” en el cuadro de diálogo de impresión. (Para abrir el diálogo de impresión presione CTRL + P.)
3. Después de imprimir compruebe con una regla que el cuadrado mide 3 x 3 cm exactamente.
4. Si el cuadrado NO mide 3 x 3 cm, habrá impreso mal el medidor. Vuelva a imprimir la hoja y asegúrese de que ESCALADO DE PÁGINA sea NINGUNO

¿COMO CALCULAR LA MEDIDA DE TU ANILLO?

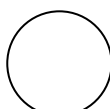

1. Seleccione un anillo que le quede bien en el dedo previsto.
2. Coloque el anillo sobre los círculos abajo. Haciendo coincidir el borde interior del anillo al círculo más cercano en tamaño
3. Si el anillo está entre dos tamaños, pedir la talla más grande.
